WELCOME to the Rum River North & South Programs. We would like to get to know you through a different kind of process rather than a traditional interview. We will be working with you in a team setting that will let you present your knowledge and experiences in a manner that is as much like the real job as is possible under these conditions.

DIRECTIONS: Assume that you are coming into a regular staff meeting with the other teachers at the Day Treatment Program. Some topics for discussion at today's meeting have a lot to do with your particular teaching assignments. You will need to present your ideas and lead discussion on the following topics:

- 1. Designing a Behavior Management System Please design a behavior management system for use in your classroom and off-campus settings. You have eight E/BD adolescents students aged 9 to 17; seven males and one female. Describe management techniques, reinforcers and consequences. (Assume that you can design the classroom that you wish to use. Also, assume that sufficient funds are available for your use in developing the behavior management system.)
- 2. Reading, Language Arts & Social Skills Curriculae. Please outline a year-long curriculum for the subjects described above.
- 3. Recreational Programming Please present a quick inservice to the staff on what your experience has shown you to be desirable characterics of recreational settings for our students.
- 4. Reintegration of E/BD students into their home schools. Please describe the technical assistance that you can provide to one of our districts to assist them with programming for an E/BD student that will return to a mainstream Language Arts class.
- 5. Your workstyles. Please inform staff about your personal workstyles, needs on the job, successful relationships with former staff & students. Also describe situations where you have had to convince felow staff to accept your ideas and how you handle conflict.

Please help yourself to paper, pens, coffee and donuts during your time prior to the interview. Feel free to write down your ideas and use them during the interview. Our Secretary will be available in the main office should you have questions or need anything else.

Thank you for your interest in our program and your participation in this interview model. Your feedback will be confidential and appreciated.
